

# ICS GEAR BAG

CONCRETE. STONE. MASONRY. **UNSTOPPABLE**

## Purpose Built, Multi-Use, Maximum Protection Gear Bag

Protect your investment with the ICS Gear Bag. This heavy-duty tool bag is designed for heavy commercial use. It's the perfect way to protect your ICS 603GC or 613GC saw. The heavy-duty, molded rubber bottom holds its shape so you can carry the saw wherever you need to go and it won't let water or fuel leak out into your truck. The ICS Gear Bag will hold either saw with the bar and chain still attached and has lots of room for extra bars and chains.

### Multi-Purpose

- Designed to fit ICS 603GC and 613GC Saws
- Multiple pockets inside and out

### Molded Rubber Bottom

- Maintains shape when loaded
- Protects saw for transport
- Reduced possibility of fuel leakage

### Plastic Sleeve with Quickstart Guide

- Transparent plastic sleeve inside bag tailored to hold ICS Quickstart Guide

### Quality Design

- Large heavy-duty straps
- 1,000 Denier Nylon
- Quality buckles and riveted seams
