

2-STROKE ENGINE OIL

CONCRETE. STONE. MASONRY. UNSTOPPABLE

Specially Formulated to Provide Maximum Protection For Your Engine

Through intensive laboratory and field testing, ICS® has developed an oil formula that is cleaner burning, provides better thermal protection and an improved film barrier which reduces piston ring wear. Protect your investment. Use the work proven formula of ICS 2-Stroke oil.

CAUTION

Failure to use ICS® Oil may result in premature engine failure and/or up to 90% reduction in engine life.

Less Wear, Less Build-Up

Piston Tested with ICS 2-Stroke Oil

Piston Tested with Leading Brand 2-Stroke Oil

Comparative Oil Test

Piston Wear Test Results - ICS 2-Stroke Engine Oil

**10X Less Wear
22% Less Build-up**

ICS Brand

- A. Less discoloration - more thermally stable
- B. Thinner ash deposits
- C. Less piston edge deterioration
- D. Narrow wear bands on rings, thicker film barrier
- E. Rings free floating

Piston Wear Test Results - Industry Leading Engine Oil

Other Leading Brand

- A. More discoloration - less thermally stable
- B. Thick burnt-on deposits
- C. Heavy piston edge deterioration
- D. Wide wear bands on rings
- E. Rings "glued" in place

Specially formulated ICS 2-stroke engine oil:

- Comparative testing shows
 - more thermally stable
 - 10X reduction in piston ring wear
 - Cleaner burning
- Improved film barrier-reduces piston wear
- Formulated for heavy duty, high rpm use
- Sold in 6-packs and case (24) quantities

The ICS family of concrete saws includes the new 633GC gasoline powered saw, the 613GC cut-off saw, the 603GC gas utility saw, the 814PRO hydraulic saw and the 853PRO Series hydraulic saws.
